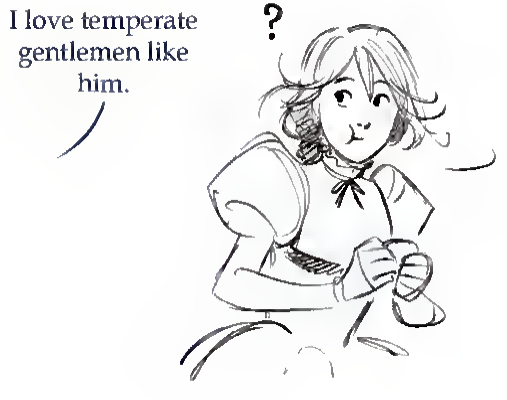
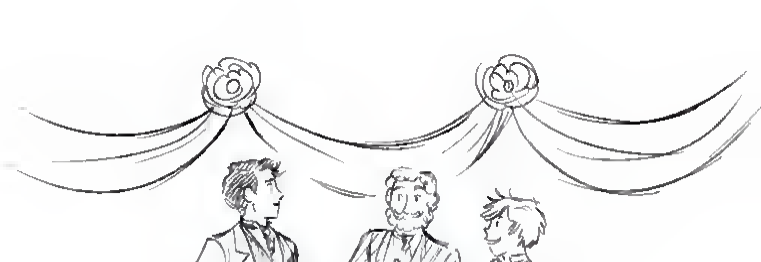
I didn't know he played the violin.
Me neither. And he's good!



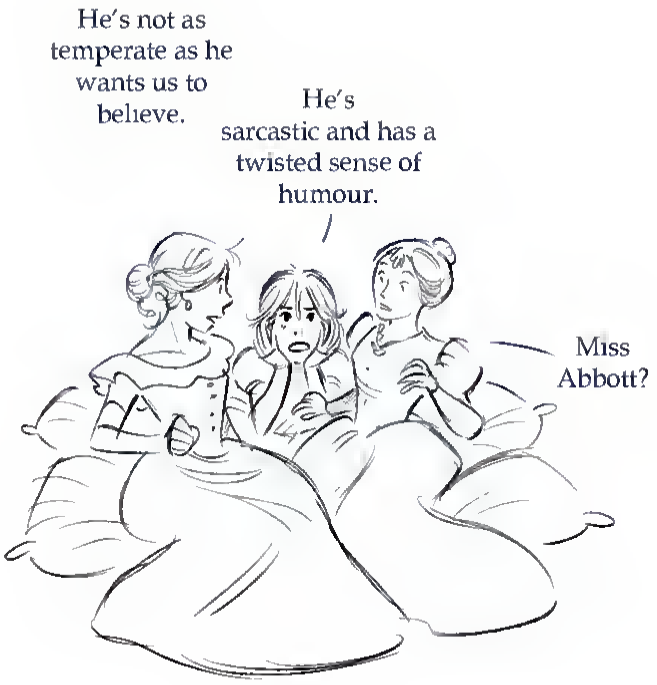
I love temperate gentlemen like him.
?



FLOUE

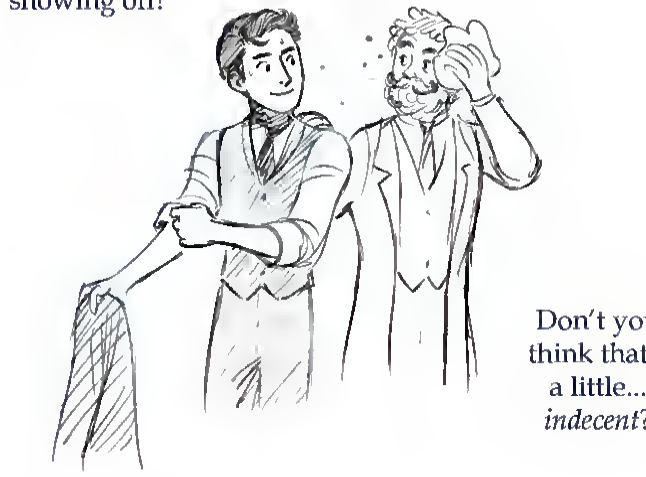
He's so mature and proper...
He doesn't even dance.

Of course he
dances!

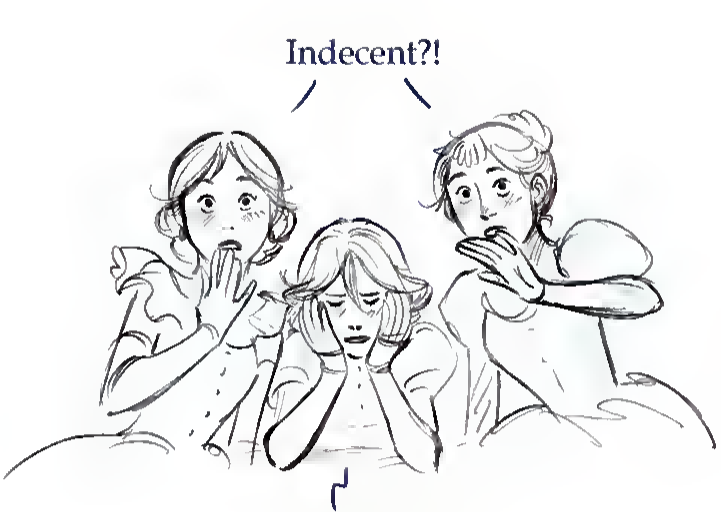


He's not as temperate as he wants us to believe.
He's sarcastic and has a twisted sense of humour.
Miss Abbott?

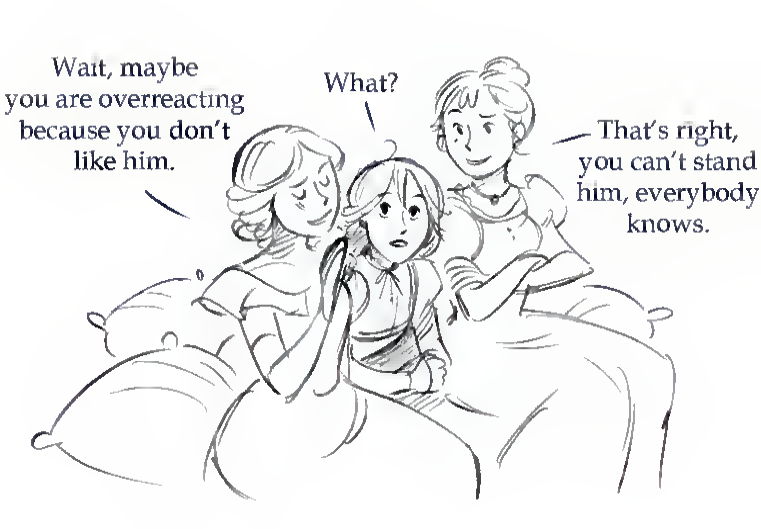
AND let's face it: his behaviour is not always the most *professional*.
Look at that.



What's with that relaxed look? He's showing off!
Don't you think that's a little... *indecent*?



Indecent?!
Is he trying to impress us?



Wait, maybe you are overreacting because you don't like him.
What?
That's right, you can't stand him, everybody knows.

Well, when I first came to this town he...
All right, all right, don't worry, Miss Abbott. He doesn't like you either!
The music is starting again, see you later.

Miss Abbott, may I have the pleasure of this dance?
Of course!

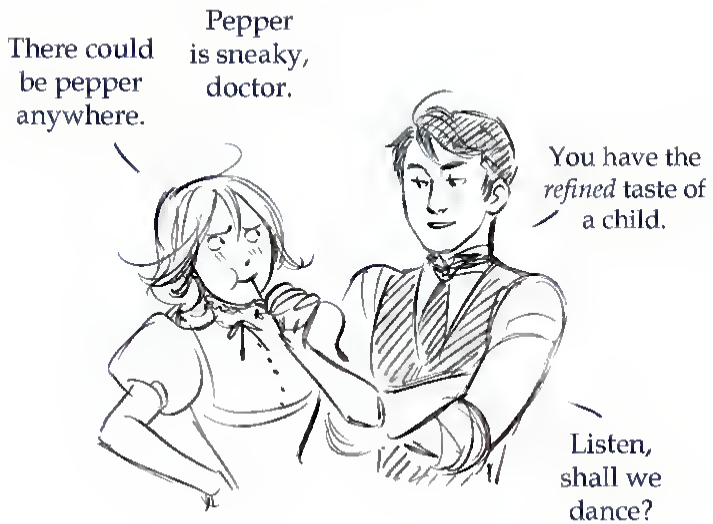
Did you see how he winked at me?
Didn't he wink at me?

Haha!
I'm so silly, I
thought...

Sniff

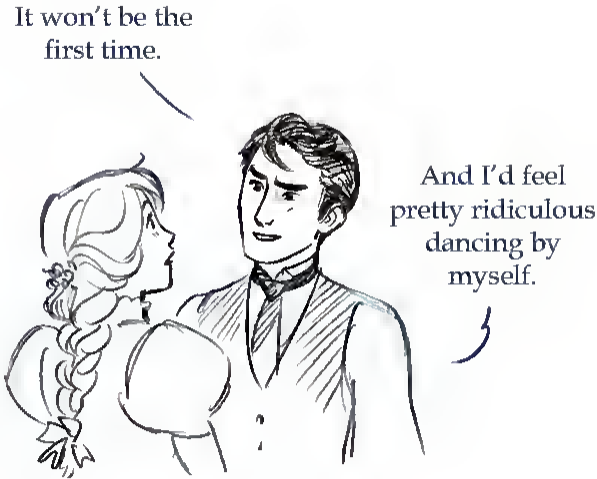
Sniff

Are you...
sniffing the food,
Miss Abbott?



There could be pepper anywhere.
Pepper is sneaky, doctor.
You have the *refined* taste of a child.
Listen, shall we dance?

You
and me?!
T-together?



It won't be the first time.
And I'd feel pretty ridiculous dancing by myself.
